

General Terms and Conditions of Use

The Berton Gift Card is a card that must be preloaded with a chosen amount and ready to be given as a gift on every occasion. It is available at our point of sale in Bolzano Vicentino, Via Zuccola 24 or by e-mail (customerservice@bertonshop.com) if you wish to receive it directly at home.

The use of the Gift Card is governed by the following Terms and Conditions of Use:

The Gift Card loaded in-store at the point of sale in Bolzano Vicentino can be used exclusively to purchase, in one or multiple occasions, the items sold and paid at Berton Magazzini. Any items sold in stores located within Berton Magazzini but managed by third parties and equipped with independent cash desks (Le Calze, Pillan Profumeria, Volpato Calzature) are excluded.

The Gift Card is loaded and activated with a minimum value of 20 euros. After activation at the cash desk upon payment of the desired loading amount - in cash or through other methods of payment accepted by Magazzini Berton Srl - the Client will receive a receipt to be kept as proof of payment that will show the amount loaded on the card. If the purchase of the Gift Card is performed by e-mail, specifying the amount to load, the shipping address and the method of payment, the Client will receive an order confirmation, and subsequently, the Gift Card will be sent directly to the address specified, by courier.

From the moment in which it is activated, the card will be valid for 12 (twelve) months.

The amount loaded on the card does not accrue interests. To know the expiry date, all you need to do is to stop by the cash desks of Berton Magazzini. The balance will be shown on the receipt issued at the time of purchase when the Gift Card is used. The Gift Card's holder will have to check the balance shown on the receipt before leaving the store.

The Gift Card is a preloaded card, and as such, it can be used for multiple purchases until its balance is fully used or a combination of balance and purchase payment is made. The Gift Card cannot be reloaded, and it does not give the right to monetary reimbursements.

The Gift Card is to the bearer and it is equivalent to cash: if lost, stolen or damaged it cannot be blocked and Magazzini Berton Srl is not liable for any improper use, theft, loss or damage. In case of theft or damage that may make the barcode, or the numerical code associated with the card illegible, or in the case of loss, the Gift Card will not be replaced or reimbursed.

The Gift Card can be used from the date of its purchase until the date of its expiration. If the starting value or the balance is not enough to purchase the desired item(s), the remaining amount will have to be paid in cash or using any of the other payment methods accepted by Magazzini Berton Srl. After its expiration, the Gift Card will no longer be usable, and the bearer will have no right to reimbursement in any form or manner for any remaining balance. Any claim concerning the use of the Gift Card may be sent via e-mail to customerservice@bertonshop.com.

The purchase and use of the Gift Card imply acceptance of these Terms and Conditions of Use.

The Terms and Conditions of Use currently in force and updated will be published from time to time on the website www.bertonshop.com and will also be available in store. Following the publication in the Official Journal n. 300 of December 28, 2018 of the implementing decree of directive n. 2016/1065 / EU, concerning the change to the VAT directive regarding the treatment of vouchers, this gift card can be classified for VAT purposes among the "single-use vouchers" and, therefore, pursuant to art. 6-ter Presidential Decree n. 633/1972 "any transfer of a single-use voucher prior to the sale of the goods or the provision of the services to which the payment voucher is entitled constitutes the execution of said transfer or service". This gift card is therefore subject to ordinary VAT from the time of its issue.

Any claim related to the use of the Gift Card will be governed according to Italian Law.
